Website

Stay Connected

## Networking:

- **Email Research Labs** to find out about opportunities
- **Shadow graduate students** or post docs
- **Attend GT research seminars:**
  - Meet potential PIs and lab groups!
  - [Check the schedule](#)
  - Look at your department's website for more!
- **Attend free virtual conferences.**

## Building Your Skillsets:

- **Expand your specific knowledge**
  - Take a free online course on any subject: [here](#)
  - Read papers and attend journal clubs
  - Learn bioinformatics software [here](#)
  - Get a software certification
- **Start a personal project**-- apply what you've learned!
- **Sign up for newsletters** to learn something new!
  - Practice data analysis with [Data is Plural](#)
- **Show what you know!**
  - Create visuals or presentations of past research:
  - Get involved in [SciComm](#)
  - STEM Communication [VIP](#) at Georgia Tech
  - Create [infographics](#)

## Explore Future Opportunities:

- **PURA (President's Undergraduate Research Awards)**
  - Salary awards given to undergrads for research
  - Travel fund available for research travel
  - Explore PURA award information [here](#)
- **Summer Research Opportunities**
  - Research Experience for Undergrads (REU)
  - Stay tuned for summer research workshop

If you want to talk more about research, sign up for office hours [here!](#)
